PUBLICATION STANDARDS: -

Ethical standards for publication exist to ensure high-quality scientific publications, public trust in scientific findings, and that people receive credit for their ideas. It is important to avoid: It is a reflection of the quality of work of the author and the organization. Peer-reviewed articles support and embody the scientific method. It is therefore important to agree upon standards of expected ethical behavior.

The submission of research papers that meet the general criteria of original and scientific excellence for budding Research Scholars, Academician, Students and other professionals across the world various issues related to Social Sciences, Agriculture, Life Sciences, Biotechnology, Management, Computer Science, Engineering, Basic Applied Science for the sustainable development by facilitating knowledge flow from institution to institution & Industry to Industry and vice versa and many more.

PLAGIARISM POLICY: -

It copied from another author or has used parts of another author's work (text, tables, figures, etc.). It is unethical act of copying innovation, idea, result and analysis, and words without his or her permission and a reference. It also considered self-plagiarism if he/she uses maximum part of his/her own previously published work without using appropriate references. Copying even one sentence from someone else's manuscript, or even one of your own that has previously been published, without proper citation is considered plagiarism-use your own words instead.

Plagiarism can be in three ways, 1) Full plagiarism, if any author published a new article without modifying previously published paper, 2) Partial plagiarism, if any authors published article with the mixture of various articles, and 3) Self plagiarism, when an author's uses the complete or portion of his/her pre-published work.

- All articles submitted LWT India Conference and Publications first undergo a plagiarism check before sending final version to associated journals
